

THIS SIX FOOT RIDER DEFINES EASY MOBILITY

At just 615lbs, and with very compact dimensions, this unit can be transported with ease and placed on a slab very early in the process.

With its low profile, this unit provides excellent sight-line to the slab and you can feel the concrete as it progresses in its finish transition.

- Great for tight corners and around stickups
- Easy to hoist to multi-story jobsites
- A perfect jump to riding, for those still walking
- Heavy-duty gearbox provides a longer life and less maintenance
- Twin stick, multi-directional levers deliver immediate, responsive steering
- Low rider version
- Non-overlapping design for panning and finishing
- Dual 4 blade trowel standard
- Available with a propane or gas engine
