

## TAKE CONCRETE FINISHING TO THE NEXT LEVEL!

The TITANs have evolved over decades of research, testing, expert engineering and contractor feedback direct from the slab. We machine the tightest tolerances in the industry, which allows for a lighter machine that is effective without needing the extra weight that many others use to compensate for poor design.

- Heavy-duty gearbox provides a longer life and less maintenance
- Twin stick, multi-directional levers deliver immediate, responsive steering
- Water spray system
- Compact transport system
- LED Lights in front and rear
- Compatible parts to reduce parts inventory
- Interchangeable steering positions for operator preference
- Under seat safety switch
- Grizzly Blades included
- Multiple engine choices
- Lifting hook under the seat
- Non-overlapping blades and high-power allows you to pan/float prior to finishing
